

Laminated cloakroom bench

THE CLOAKROOM BENCH SERVES AS DRESSING EQUIPMENT FOR BUSINESSES, GYMS, SCHOOLS AND SPORTS CLUBS.

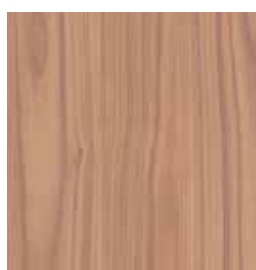

■ The laminated benches are produced in three lengths: 600, 800 and 1000 mm. Height 460 mm and width 350 mm are the same for all lengths.

■ They are made of durable laminated chipboard with a thickness of 36 mm with a 2 mm ABS edge.

■ Thanks to the materials used and the design, these benches are especially suitable for spaces where high demands are placed on the overall design of the dressing room.
