

Zelená firma®

Certificate of participation

Company

[Empty rounded rectangular box for company name]

participates in the environmental „Green company” project.

Involvement in the „Green company” project enables the company to dispose electrical appliances and batteries in an environmental-friendly way. The employees of the company can use a collection box to dispose used electrical appliances and thus significantly contribute to the protection of the environment, natural resources and human health.

The above-mentioned company is hereby authorized to use the “Green company” logo.

The certificate was issued
by REMA Systém.
